

## **Croton River Kayaking Information for New York Birding Conference**

**This conference activity will be led by Saw Mill River Audubon board member Phil Heidelberger starting 8:00 am at the Village of Croton Echo Canoe Launch by the Croton River. ([Google map link here.](#)) Contact Phil through [email](#).**

- You may either bring your own kayak or rent a kayak.
- If you are renting a kayak, reserving your kayak rental is your next step after choosing this activity on the New York Birders Conference web site.
- We have arranged a non-profit price of \$49 per person for the private 2-hour rental of kayaks from Hudson River Rental. (Both one and two person kayaks are available.)
- [To reserve your kayak\(s\) with Hudson River Rental, use this web link.](#)

### **Other things to know**

Hudson River Rental needs a minimum of at least 10 people renting a kayak. If conference signups have not reached that minimum by August 15, we will cancel this activity and the rental company has agreed to refund any participants that have signed up. Those who had chosen kayaking will then be allowed to select a different field trip.

If we have too many requests for the Sunday kayaking, then we will offer a second session on Saturday.

Hudson River Recreation's cancellation and weather policy is this:

- With 48 hours or more notice, they will happily refund any bookings that are cancelled for any reason, including anticipated weather.
- With less than 48 hours' notice of cancellation, they are not able to offer refunds but are happy to reschedule or issue a credit/gift certificate.

- [Use this provided web link to reserve your kayak\(s\) through Hudson River Recreation.](#)
